

TRACKME PRO+

Discover the world leading system developed in New Zealand for Remote Worker Management.

TRACKME PRO +

TrackMe NZ helps employers look after their staff, wherever they are working. A cloud-based safety solution that allows you to monitor the safety of your remote Lone Workers, in and out of phone coverage.

WHY TRACKME PRO+?

The workplace is no longer just a brick-and-mortar building, it is wherever the staff of a business are working. However, an employer still needs to be able to know where their staff are and that they are okay.

TrackMe Pro+ is a ground-breaking health and welfare monitoring system that allows employers to extend their key safety expectations from the office to workers working remotely.

ALWAYS SAFE . ANYWHERE . ANYTIME

TRACKME PRO +

TrackMe Pro + is easier to use for an employee than the traditional sign-out whiteboard and allows the employer to know who is where, doing what, and for how long.

Are your staff working from home, traveling for work, or working in the field? With TrackMe Pro + you can answer this important question;

“Where are my staff, and are they OK?”

+ FEATURES

- Satellite based tracking and messaging*,
- expands for teams from 2 - 20,000.
- Web portal for full visibility of all the staff in the field.

Pricing starts from \$24.75/month**

**Requires satellite device and data plan from TrackMe NZ.*

All prices in SNZD including GST where applicable

***Typical Remote Worker pricing, including Satellite data and full 24/7 monitoring is \$99.75/month*
